

## A Hospitality Management Career with HORIZONS!

On Wednesday, March 5, Kenvale College launched a special careers event for year 12 students at **Ashwood Country Comfort Conference Room**. The event called “Horizons” gave students from schools in the Dubbo region a chance to meet with a successful industry professional and exchange their views about the hospitality and event management industry.

The keynote speaker, **Terry Clark, owner/operator from “Country Apartments Dubbo”**, gave a powerful speech about his experience in an industry which requires good communication skills and dynamism.

Terry’s main ideas for new comers to this industry were “treat everyone the same, be calm in front of a crisis and disguise your feelings”.

Two representatives of Kenvale College hosted the event which proved to be a very successful experience. Bernie McFarlane, regional marketing manager explains: “At Kenvale we are looking for those students who are really passionate about entering the hospitality and event management industry.

The College with its “Knowledge, Experience, Humanity” motto emphasises the need for a true attitude of service in its prospective students”.

Kenvale College, based in Sydney, is Australia’s first Hospitality College. Established in 1971,

Kenvale is the only College which provides simultaneous work and study from day one.

Kenvale’s vision is summed up in its motto “Knowledge, Experience, Humanity”. This vision not only includes training from highly qualified and competent industry professionals, it also places a strong emphasis on the humanity side – seeing hospitality as a field in which people can really make a difference in humanising society.
